PROTECT YOUR CUSTOMERS & YOUR COMPANY

Nobody beats our price

Visit our website to get a free quote and find out for yourself.

We manage your entire Duty to Warn mailing process from start to finish. Our extensive package includes all the costs associated with design, printing, inventory, postage and mailing for your Duty to Warn communication.

WHAT OUR CUSTOMERS SAY...

"We had been sending DTW materials to our customers, but our procedures were lacking the proper documentation and the process required a lot of extra effort. P3 made it easy for us, and now we have a record of every customer who received DTW this year. They provide a great service at a reasonable cost."

Kirk Pendleton, Owner

South Fork Propane, South Fork, CO

"The Duty to Warn process was simple and easy for us to implement. The most exciting part of our experience was having P3 exceed our expectations on service and cost."

Terri Beard, Office Manager

Blue Flame, Inc., Berkeley Springs, WV

"We are beyond thrilled with P3's Duty to Warn! They are very proactive and extremely efficient in getting the Duty to Warn mailing out to our customers. We have had several people come in and say how much they appreciated receiving the Duty to Warn in the mail! Thanks P3!"

Tiff Guilliams, Business Growth Manager

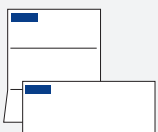

Ford's Propane Gas, Inc., North Myrtle Beach, SC

NUMBER 1 VENDOR OF THIS SERVICE IN THE PROPANE INDUSTRY

LETTER AND WINDOWED ENVELOPE

We develop a professionally designed letter to your customers explaining the importance of propane safety. This letter and accompanying safety material are mailed to your customers in an envelope with your company's brand.

DISCOUNTED PRINTING AND POSTAGE

We go the extra mile to ensure you receive the best price on printing and postage through the use of well-respected printers and mail houses.

IMPORTANT PROPANE SAFETY INFORMATION PERC BROCHURE

An informative safety brochure is included with the mailing. This PERC brochure explains propane safety practices and informs your customers of how to detect early warning signs of a potential gas leak.

THIRD PARTY VERIFICATION CERTIFICATE

Once your mailing is complete, we provide you with a detailed, signed certificate. This certificate is mailed to you and your insurance provider as assurance that you have communicated this important information to your customers.

JURISDICTIONAL ACCOUNT MAILINGS

We also design, print, and manage your jurisdictional Duty to Warn account mailings per relevant regulations published in Title 49 of the Code of Federal Regulations (CFR). These regulations require that jurisdictional accounts are provided with Duty to Warn communications every six months, and that proof of mailing is maintained.

CUSTOMER LIST REVIEW FOR ACCURACY

- The national CASS database identifies if inputted addresses are incomplete or undeliverable, and then corrects and standardizes those addresses on your list
- The NCOA system updates any change of address information on your list, and these changes will be reported to you for your records
